Also, the Hungarian section of the Budapest-Belgrade line modernization tender was launched in the value of 550 bln HUF (EUR 1.76bn) of which China provides 85% loans for 20 years at a rate of 2.5% per annum. PM Orbán said several investment projects must be implemented for which neither Hungarian nor EU funds are available, because "we need China as well". Noting that 16 prime ministers from Central-East Europe and China had gathered in Budapest, he said this was an important two days for Hungary".
