ABOUT US:

Rail Analysis is India's leading platform dedicated to the Railway, Metro, and Station industry, connecting key stakeholders including government bodies, OEMs, EPC contractors, consultants, and technology providers. With a strong presence across print, digital, and event platforms, Rail Analysis offers unmatched visibility and credibility within the transportation sector. Our high-impact exhibitions, publications, and networking events provide an ideal opportunity for companies to showcase their products, launch innovations, and engage with decision-makers driving infrastructure development across India and beyond.

ABOUT THE EVENT:

The **7th Rail & Metro Technology Conclave - Expo 2026**, powered by **Rail Analysis India**, is India's premier platform for showcasing the latest innovations, products, and solutions in the Railway, Metro, and Station infrastructure sector. Scheduled to be held on 23rd - 25th April 2026, In Hall Number 3, at Bharat Mandapam Complex, New Delhi - 110001, The event brings together top decision-makers, government authorities, OEMs, EPC contractors, consultants, and technology providers under one roof. With focused sessions, high-level panel discussions, and a dedicated exhibition zone, the conclave offers stall exhibitors direct access to key stakeholders, project owners, and industry influencers making it an unmissable opportunity to generate leads, build partnerships, and amplify your brand presence in this fast-growing market.

THE BHARAT MANDAPAM COMPLEX IS THE NO.1 SITE FOR HOLDING EXHIBITIONS AND CONFERENCES IN NEW DELHI, INDIA

	Airport	Indira Gandhi International Airport (IGIA)	23 Kms (30:00 Min)
	Railway Station	New Delhi Railway Station (NDLS)	5 Kms (15:00 Min)
	Metro Connectivity	Supreme Court, Metro Station	Neighbouring the campus
	Key Landmark	New Parliament House	5 Kms
	Nearby	India Gate	4 Kms
	Nearest Place	Supreme Court	1 Km

- India’s largest & most modern convention–exhibition centre.
- Centrally well-connected by metro & airport.
- State-of-the-art AV, lighting, interpretation & high-speed Wi-Fi.
- Green, sustainable & smart design with cultural themes.
- Ideal for mega expos, trade fairs, awards & international summits.

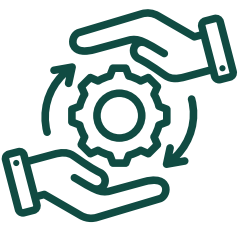

OBJECTIVE AND THE FOCUS OF OUR EVENT:

1

Infrastructure & Mobility Transformation

Expansion of metro networks, HSR, new lines, and station upgrades drive green mobility. Electrification and freight corridors enhance sustainability, last-mile logistics, and multimodal connectivity across urban India.

2

Rolling Stock & Smart Manufacturing

Vande Bharat, metro, and LHB coaches integrate advanced components like bogies, propulsion, HVAC, interiors—powered by digital twins, robotics, 3D printing, and predictive AI for manufacturing excellence.

3

Signaling, Control & Safety Systems

CBTC, ETCS, and TCAS (Kavach) support safe operations with integrated telecom, cybersecurity, data systems, CCTVs, fire suppression, and emergency protocols for modern, responsive rail networks.

4

Passenger Experience & Smart Stations

Digital ticketing, crowd control, real-time information, accessibility, and surveillance solutions redefine travel comfort, safety, and convenience at upgraded smart railway and metro stations nationwide.

5

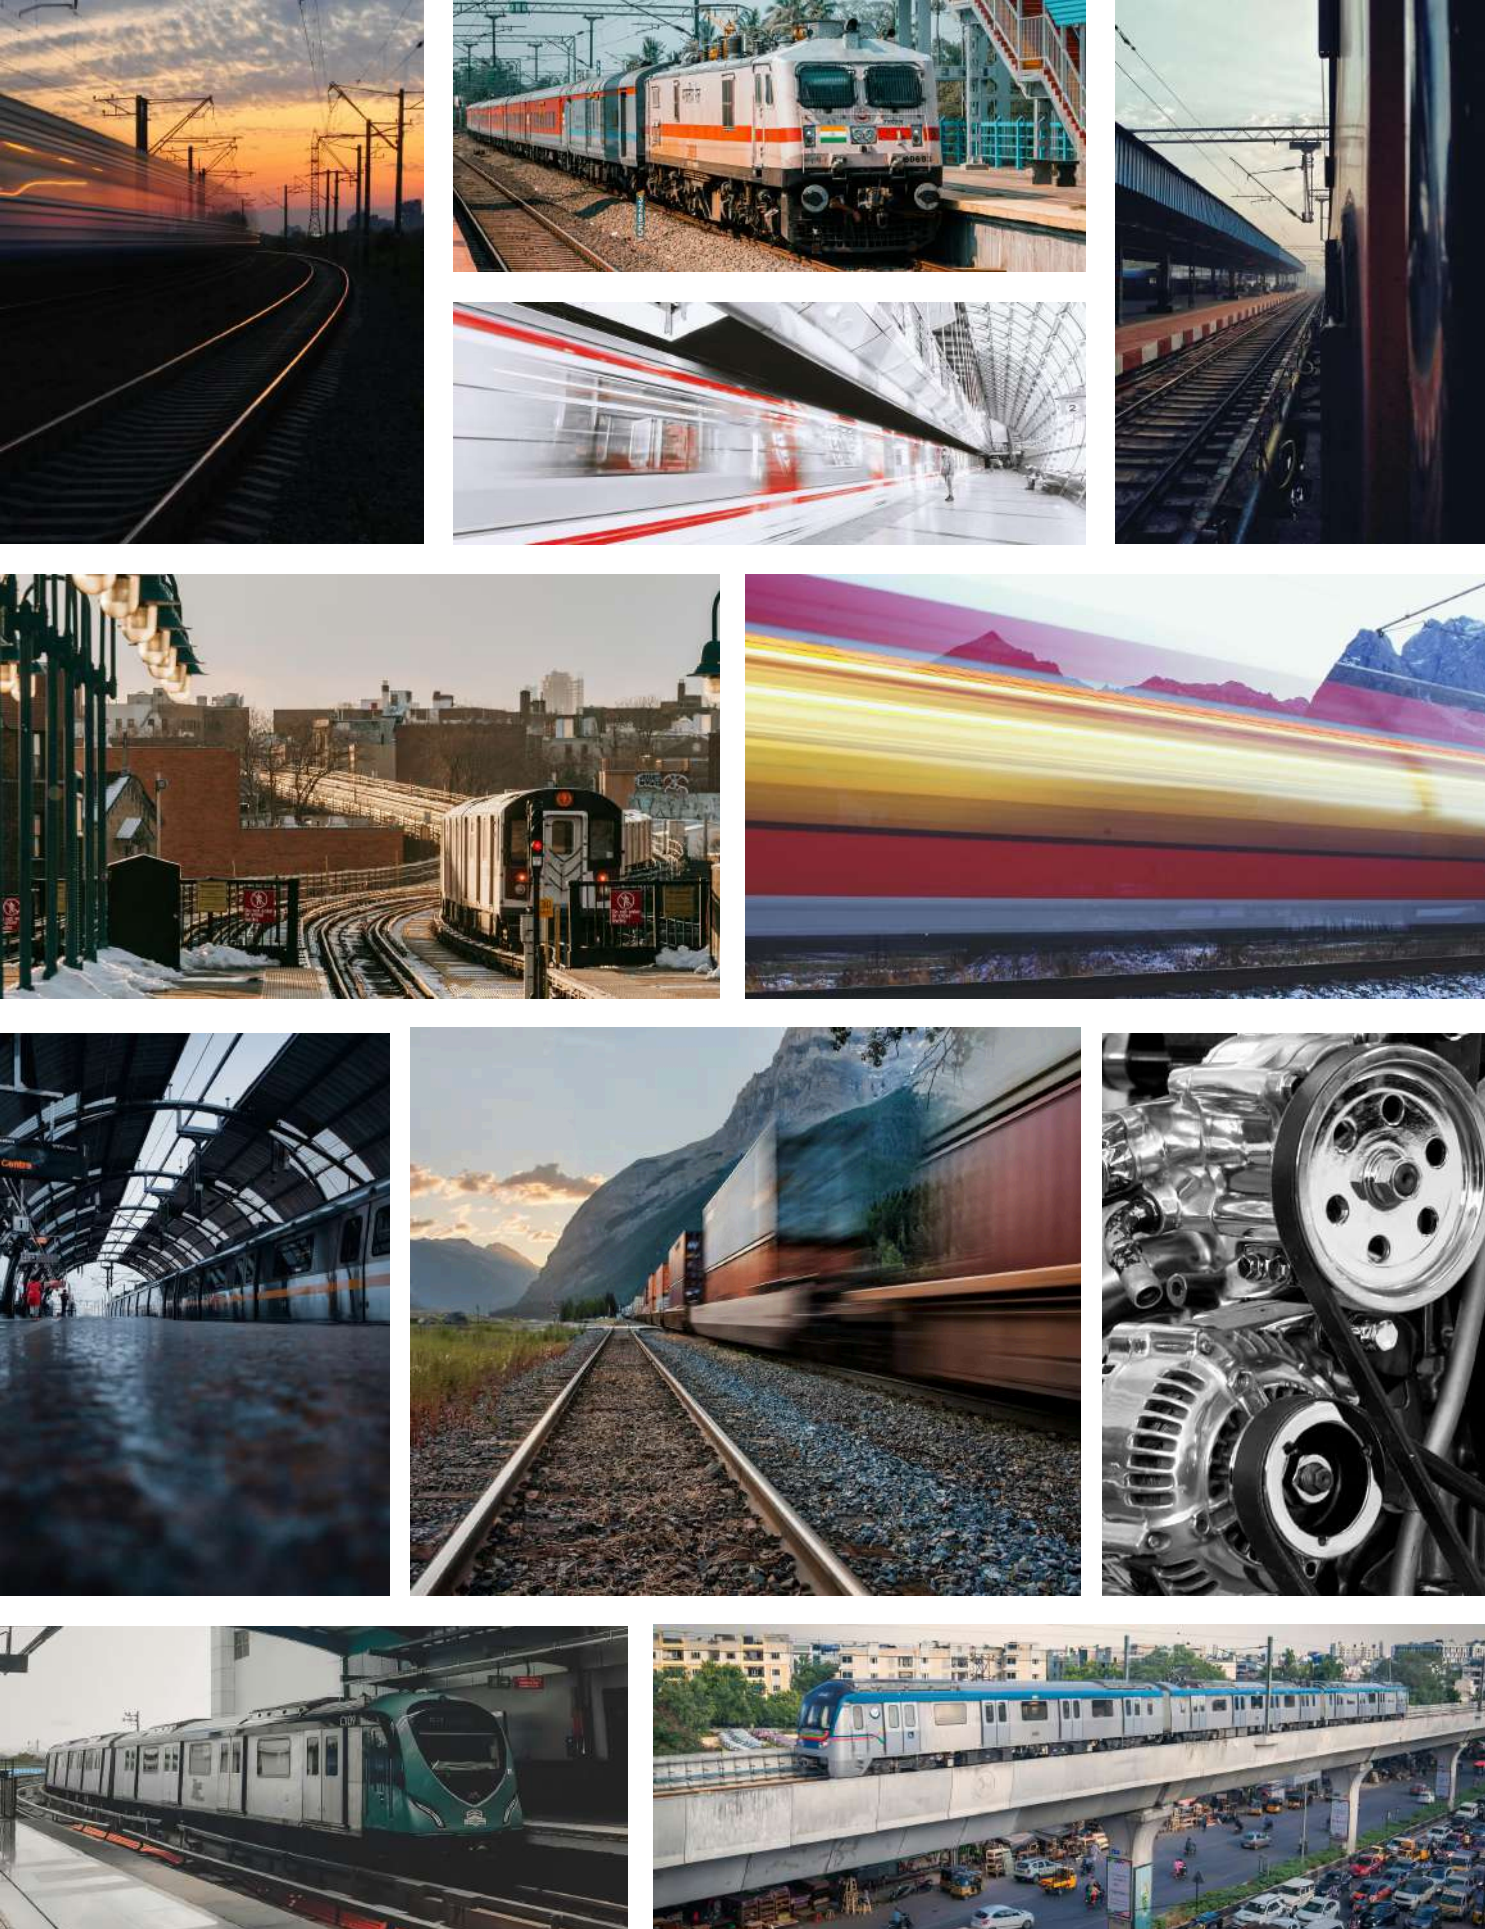

Investment, Quality & Skills Development

Testing, certifications, BIM lifecycle tools, and AR/VR-based workforce training ensure quality, asset optimisation, and skilled manpower development.

OUR PREVIOUS EVENT PARTNERS:

The value we bring to our Stall Exhibitors & Customers

.....>

Direct Access to Procurement Decision-Makers

Engage railway and metro officials, EPC contractors, and consultants to influence decisions and reduce sales cycles.

Showcase Innovation & Build Credibility

Present your innovations live to build credibility, strengthen relationships, and gain trust from customers and stakeholders.

Discover New Partnerships & Suppliers

Meet OEMs, suppliers, and partners to explore joint ventures, expand networks, and boost supply efficiency.

Establish as a Trusted Vendor

Gain PSU, RDSO approvals by showcasing quality solutions and becoming a preferred, compliant, and reliable vendor.

Expand in Competitive Markets

Reach decision-makers, increase visibility, and overcome crowded market challenges with effective positioning and brand exposure

Maximize ROI with Smart Marketing

Consolidate outreach, generate qualified leads, and reduce marketing costs through targeted events and powerful face-to-face engagement.

Signaling & Train Control
Systems Opportunities
(IT & IOT Solutions)

Electrification & Power
Supply Opportunities
(Solar, Green or Renewable
Energy Solutions)

Railway Infrastructure
– Tracks & Bridges
Opportunities

Stations and Terminals
(Amrit Bharat Stations)
Opportunities

Metro & RRTS
Projects
Opportunities

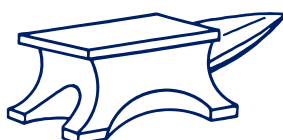

Workshops &
Depots
Opportunities

Freight Corridors &
Wagons
Opportunities

Export
Opportunities from
India

Forgings &
Castings
(Components & Products)

Aluminium &
Stainless Steel
(Assembly & Sub-Assembly)

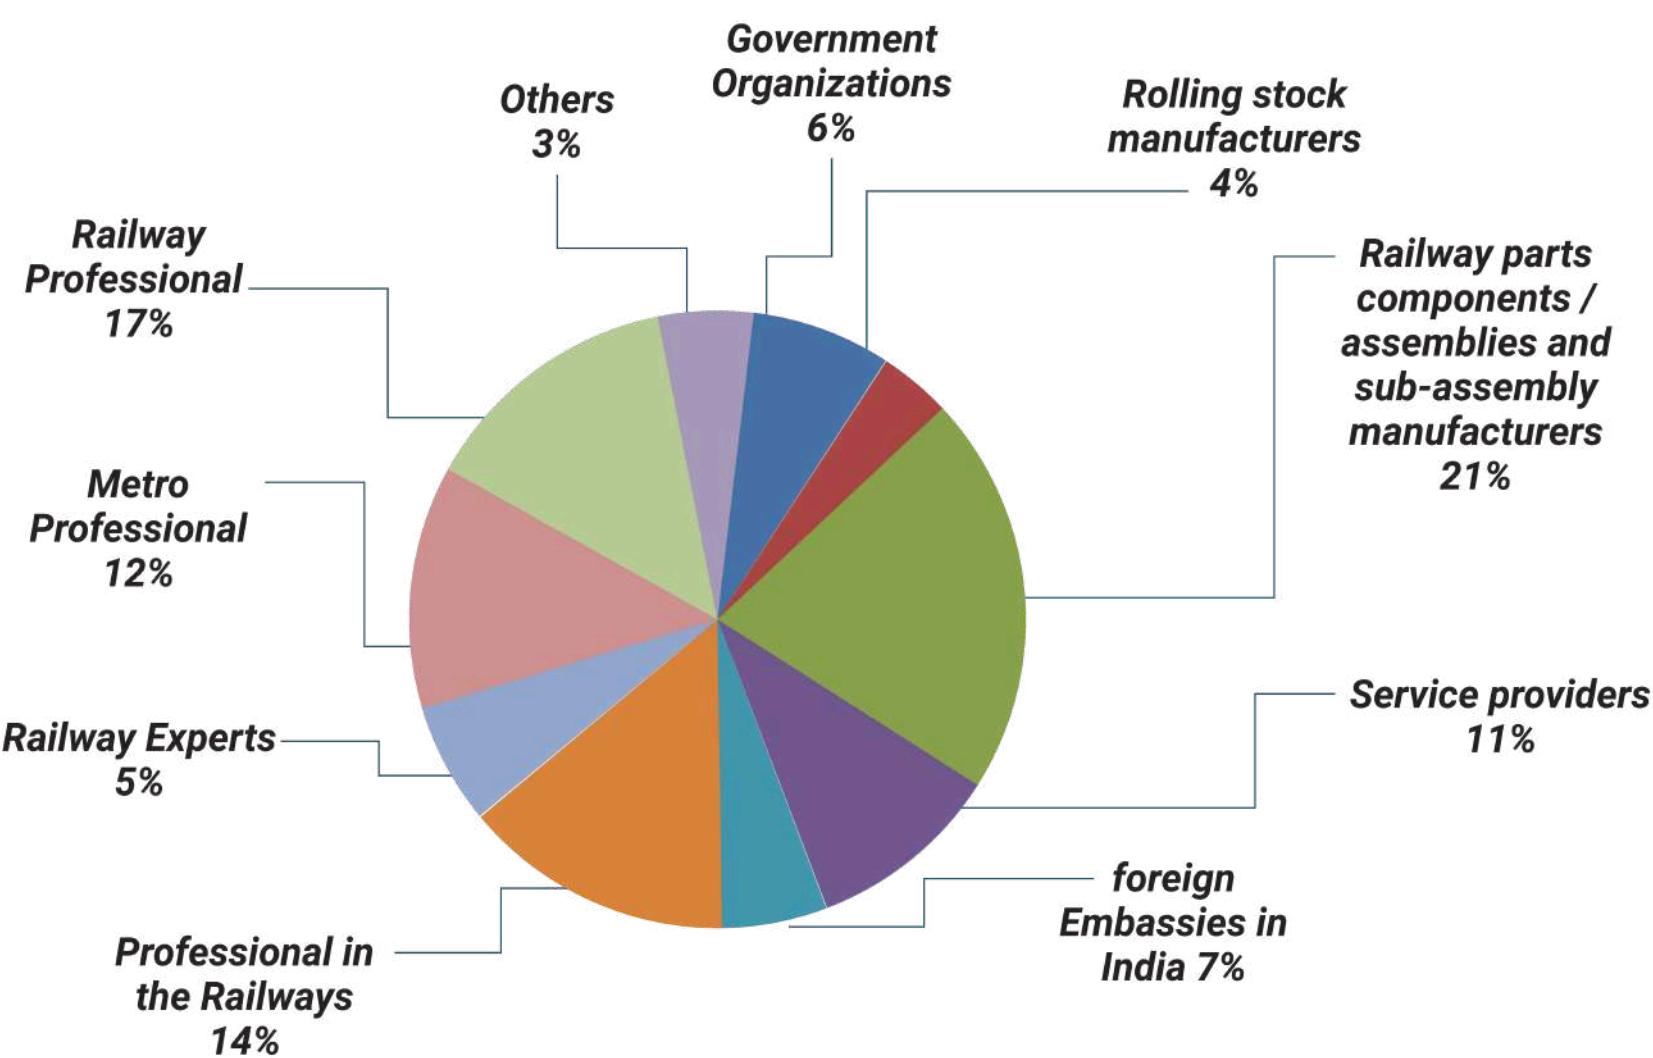

Safety & Security
(Fire & Station
Solutions)

THE AUDIENCE IS GLOBAL WITH STRONG EUROPEAN PRESENCE & TECHNOLOGY FOCUS:

The 7th Rail & Metro Technology Conclave - Expo 2026 unites key stakeholders from India and Europe. Exhibitors gain direct access to decision-makers shaping mobility and infrastructure.

High-Level Government & Rail Leadership	Engage with senior officials, policy leaders, and PSU heads from Railways, RDSO, DFCCIL, and other organizations driving national mobility.
European Expertise & Global Collaboration	Meet European OEMs, signalling firms, consultants, and infrastructure investors exploring strategic partnerships and expansion in India's growing rail and metro sectors.
Smart Mobility & AI Integration	Discover innovations in predictive maintenance, automation, digital twins, and real-time analytics from AI leaders and next-gen tech startups transforming urban mobility.
Metro Expansion & Urban Transit Focus	Network with metro project heads, city transit planners, and system integrators from major Indian cities with active and upcoming infrastructure projects.
Strategic Sourcing & Business Opportunities	Connect with procurement heads, innovation champions, and EPC players actively involved in vendor development, technology sourcing, and future-ready infrastructure investments.
